## Tested And Proven

There Is a Heap of Solace in Being Able to Depend Upon a Well-Earned Reputation.

For months Williamsburg readers have seen the constant expression of praise for Doan's Kidney Pills, and read about the good work they have done in this locality. Not another remedy ever produced such convincing proof of merit.

Mrs. R. H. Harris, 525-29th St., Newport News, Va., says: "I consider Doan's Kidney Pills a very reliable kidney remedy. I suffered for a long time from kidney complaint and my back ached constantly. I was unfit for my housework and at times I was so bad that I could not sit or lie down with any comfort. The pain kept me awake at night and I had a distressing kidney difficulty. Although I doctored most of the time, I did not receive relief. Finally my attention was called to Doan's Kidney Pills and I began their use. They relieved me from the first and continued use removed my trouble." (Statement given September 2, 1907.)

GOOD WORK. Mrs. Harris was interviewed on June 28, 1909 and she said: "I have never had the least symptom of kidney complaint since Doan's Kidney Pills cured me two years ago. Every word of the testimonial I gave in their favor at that time still holds good."

For sale by all dealers. Price 50 cts. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

## Miss Wright is Improving.

Miss M. Eva Wright, music teacher at the institute and organist at Bruton Parish church, who was taken to Richmond last week, suffering from an attack of appendicitis, was operated upon Saturday and stood the ordeal as well as could be expected. It is understood Miss Wright had to undergo a second operation.

Miss Virgie Jones accompanied her to the hospital and returned home the first of the week. Miss Wright is doing as well as could be expected. A sad feature of her sickness is that her aged father was very ill the day she was taken to the hospital, and she had expected to be called home at any moment. Miss Wright has many friends here who are sorry to hear of her sickness and wish her speedy recovery.

Dr. H. U. Stephenson, recently nominated for House Delegates, spent \$165.20 in his campaign.

M. Clyde Hall, the druggist, has purchased a handsome new Ford auto and has been "splitting the wind" this week.

The public school and the college observed holiday today to allow pupils and students to attend the Yorktown celebration.

Another good game of football is promised at the college Saturday afternoon between Fredericksburg and William and Mary.

The many friends here of Mrs. Hartwell Macon are glad to learn that she is recovering from her severe illness. Mrs. Macon is still in a Norfolk hospital.

Lame back is one of the most common forms of muscular rheumatism. A few applications of Chamberlain's Liniment will give relief. For sale by all dealers.

News was received here this week of the death in Winchester, Va., of Guy W. Brannon, who for the past two years was a student at William and Mary. Young Brannon was preparing to return to Williamsburg to resume his studies when he was stricken with typhoid fever.

A. Daske, of Richmond, has been appointed manager of the local Bell Telephone office to succeed Mr. Guthrie Kennard, who was given six months furlough on account of his health. Mr. Kennard is said to be slowly improving at the home of his parents in Mt. Sterling, Ky., which is gratifying to his host of friends here.

A young Williamsburg automobilist ran down a student who was riding a bicycle near the college gate early this week. The bicycle was smashed up and the rider thrown under the automobile, the driver of which was scared within an inch of his life, thinking he had killed the student. No injury was done except to the bicycle.

Mr. Francis O'Keeffe, who is manager of a creamery at Charlottesville, one of the creameries that took first prize on it exhibit at the State Fair, was in town, visiting his family over Sunday. Mr. O'Keeffe was formerly butter maker at the local creamery and he proved himself most competent. We are glad to hear of his success at the Charlottesville establishment.

Little Miss Ruth Waltrip daughter of Mr. and Mrs. J. E. Waltrip, entertained about twenty of her young friends on her fourteenth birthday yesterday. The home was prettily decorated in goldenrod, asters and ferns, and a sumptuous dinner was served to the little guests. Mrs. Waltrip was assisted in receiving by Mrs. G. E. and Mrs. T. J. Waltrip. The little hostess was the recipient of many presents.

After staying here a few days to pack and ship her furniture, Mrs. C. E. Bishop left Monday evening for her new home in Morgantown, W. Va., where Dr. Bishop is professor of Greek in the University of West Virginia. The host of friends here of Dr. and Mrs. Bishop regret to see them leave, but wish them much success and happiness in their new home. Dr. Bishop likes his new position very much and the family is pleased with their surroundings.

It was announced Tuesday morning that about 800 delegates to the Deed Water Ways Convention, now in session in Richmond, would stop over for an hour in Williamsburg. Mayor Warburton, Rev. E. Ruffin Jones, Pres. L. G. Tyler, Cashier H. N. Phillips, Mr. H. D. Cole and other prominent citizens, had prepared to meet the visitors and escort them about town. The delegates found that they would not have time to stop here, passing through later than they had contemplated.

## Tempest in a Teapot.

What seems to have been a tempest in a teapot occurred here Tuesday when all the members of the local board of directors of the Eastern State Hospital met presumably to investigate something.

From what we can gather from a board member a certain citizen of Richmond complained that his sister was not sent for as promptly as he thought was proper and legal and wrote to him a letter of complaint. The board fixed upon Tuesday for hearing the alleged complaint. The aggrieved citizen came here and spent the day. Late in the afternoon Dr. Stephenson says this gentleman withdrew his complaint, and there was no investigation after all.

It appears to have been a misunderstanding and of no consequence. What was developed in the meeting of the board was not made public.

It was stated in this paper last week that the chief engineer at the hospital had had his salary increased from \$900 to \$1200 a year by having added to his duties those of head carpenter. A member of the board says this is a mistake, and that there was no increase in the salary of that officer. The salary paid this officer is too low to justify a good man in holding it, and the board recognizes the fact that they will have to pay more if they hope to keep an efficient man here.

## Prominent Colored Men Dead.

John A. W. Jones, one of the best known colored men of Williamsburg, died Tuesday night after an illness of a few days. He suffered a stroke of paralysis last week and never rallied from the attack. Jones was a well-to-do and industrious citizen who was well thought of by both white and colored. He was married and is survived by a son and two brothers, one of whom is Jimmie Jones.

The dead man was a devout Christian and a member of the First Baptist church from which place the funeral was held this afternoon at 3 o'clock, the service being conducted by his old pastor, Rev. J. M. Dawson. Several white friends were present at the funeral.

Mr. Marston Christian, one of our Williamsburg boys, who has been assisting in installing an electric plant at the Pocomoke Fertilizer Factory at Pocomoke, N. C., has been placed in charge as chief electrician.

## Dr. Denton's Sleeping Garments

A distinctive advantage of this garment is that they completely cover the children. The value of this feature cannot be over-estimated. The activity of childhood is limitless. Ordinary bed coverings are kicked loose and thrown off in spite of every precaution. As the temperature drops in the night hours the child is left exposed to the draughts, cold or dampness. Mothers whose children are dressed in ordinary night clothes feel that they must "sleep with one eye open" to keep the little ones constantly covered. Nothing is more wearing on a mother, nothing breaks down her health and nerve force with greater certainty than a lack of unbroken rest at night. THE DR. DENTON'S GARMENTS obviate all these troubles, because they completely cover the little ones. These garments will not scratch or shrink.

Prices from 50c. to \$5.00
